

nucleolus X2_1_vs_2

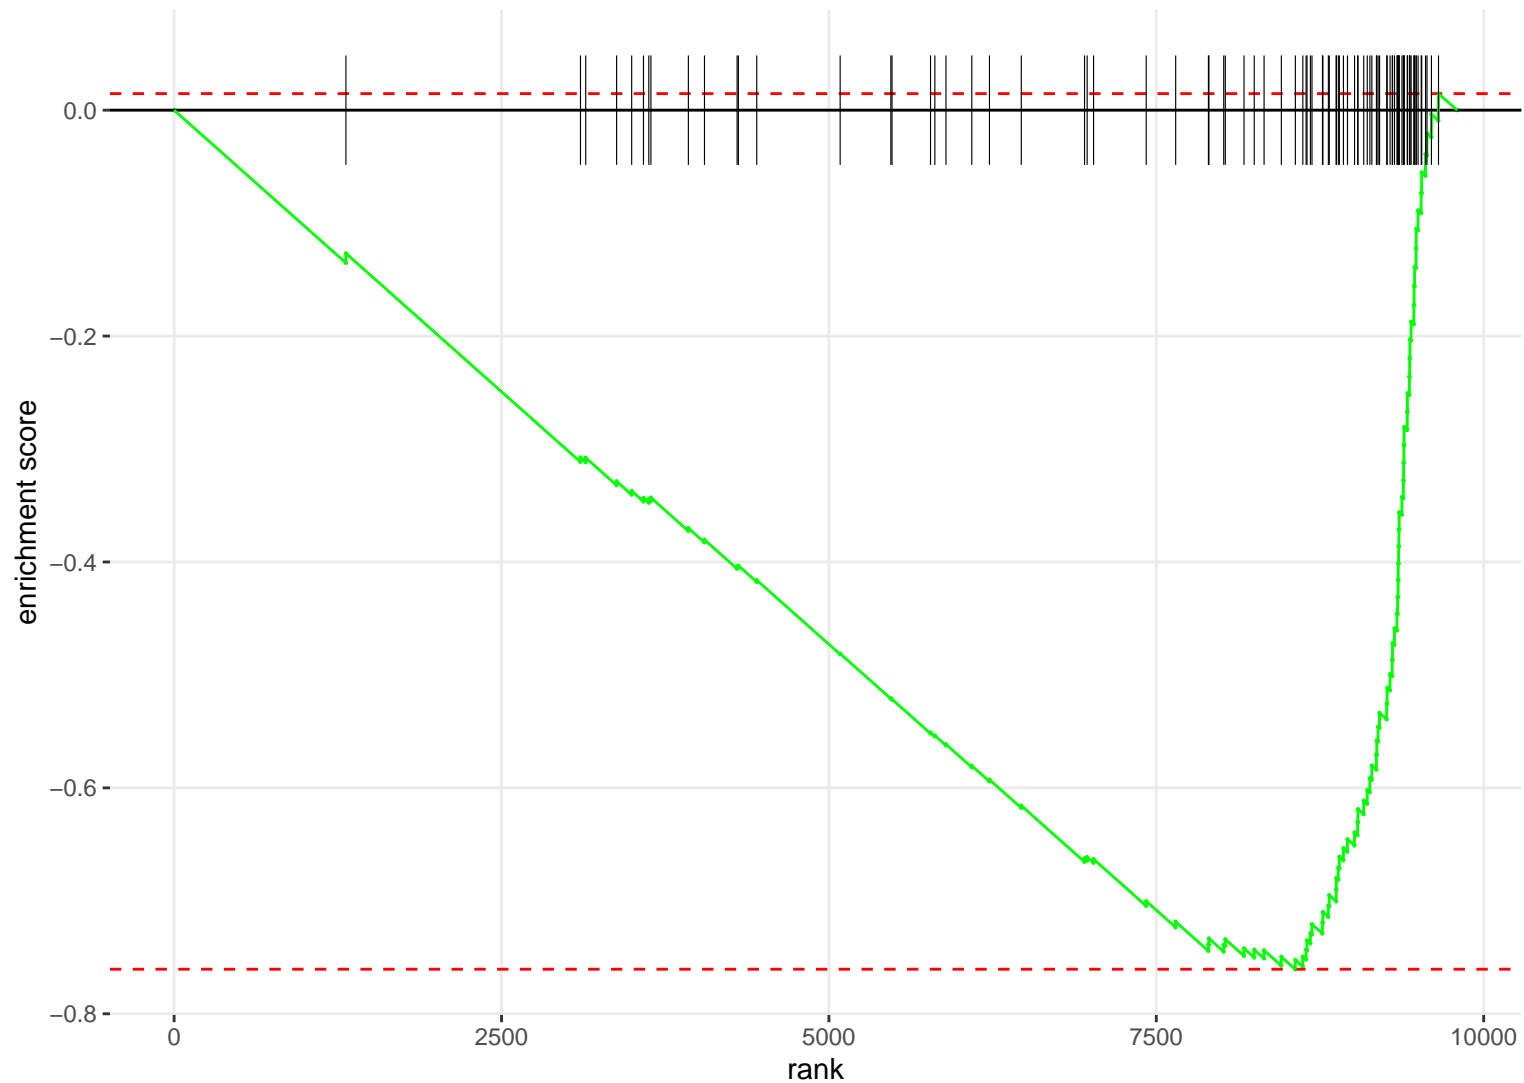

cytosolic large ribosomal subunit condition_virusfree_vs_infected

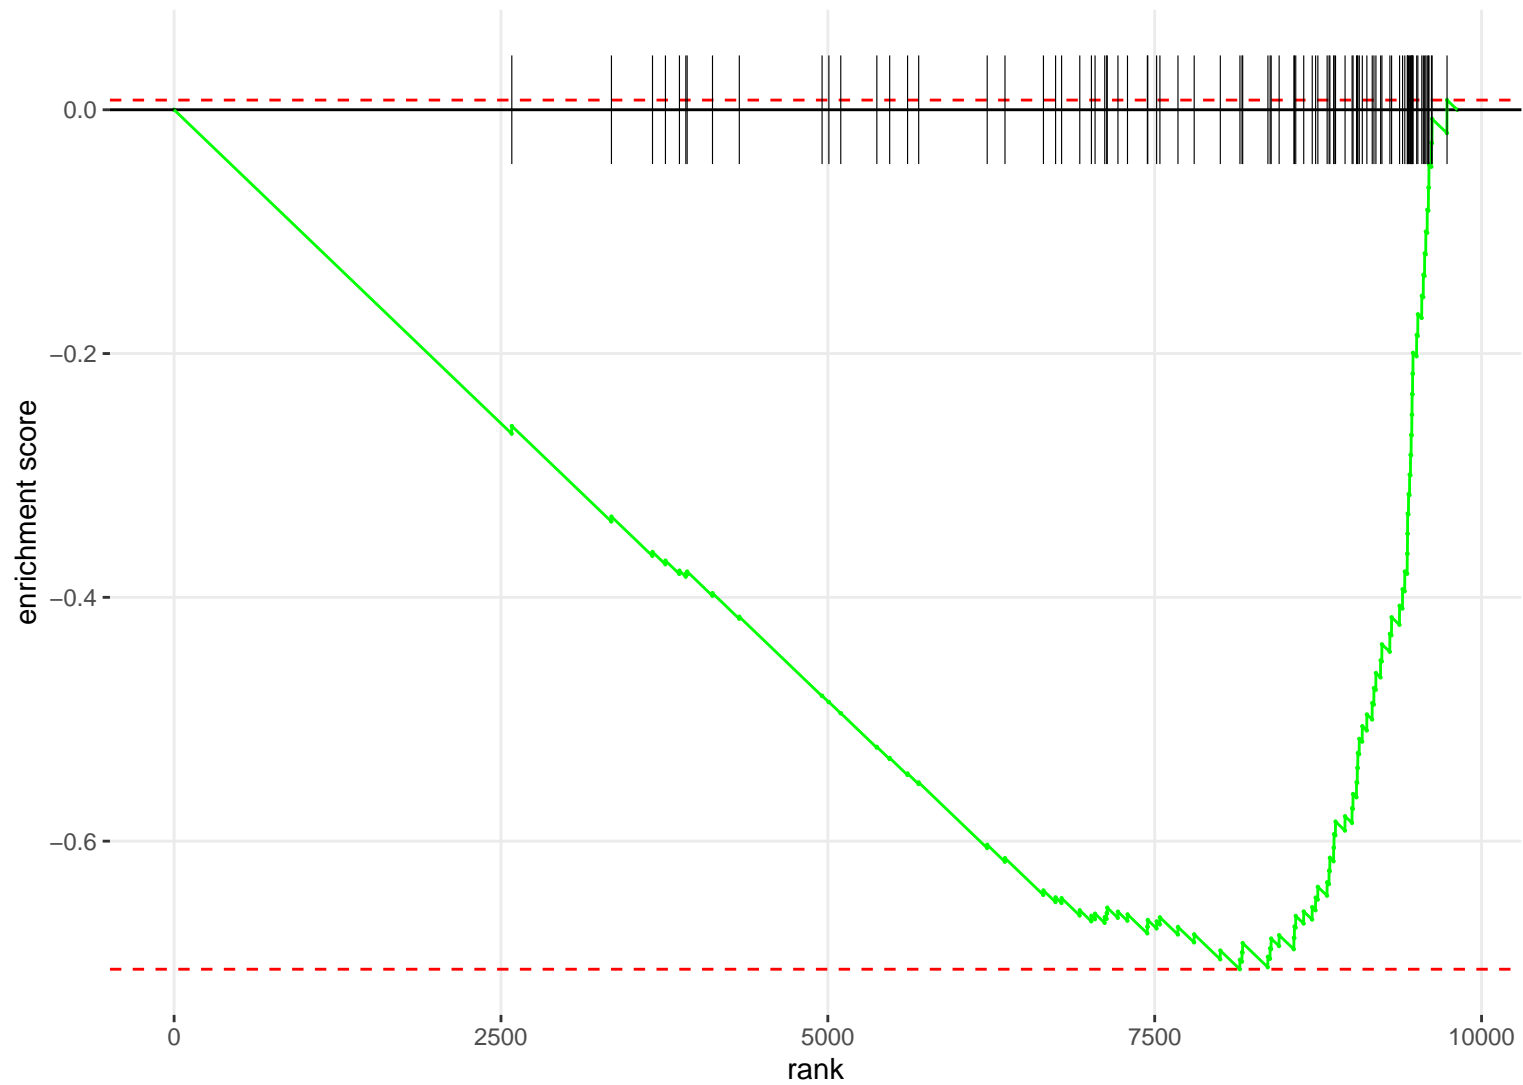

nucleolus X3_2_vs_3

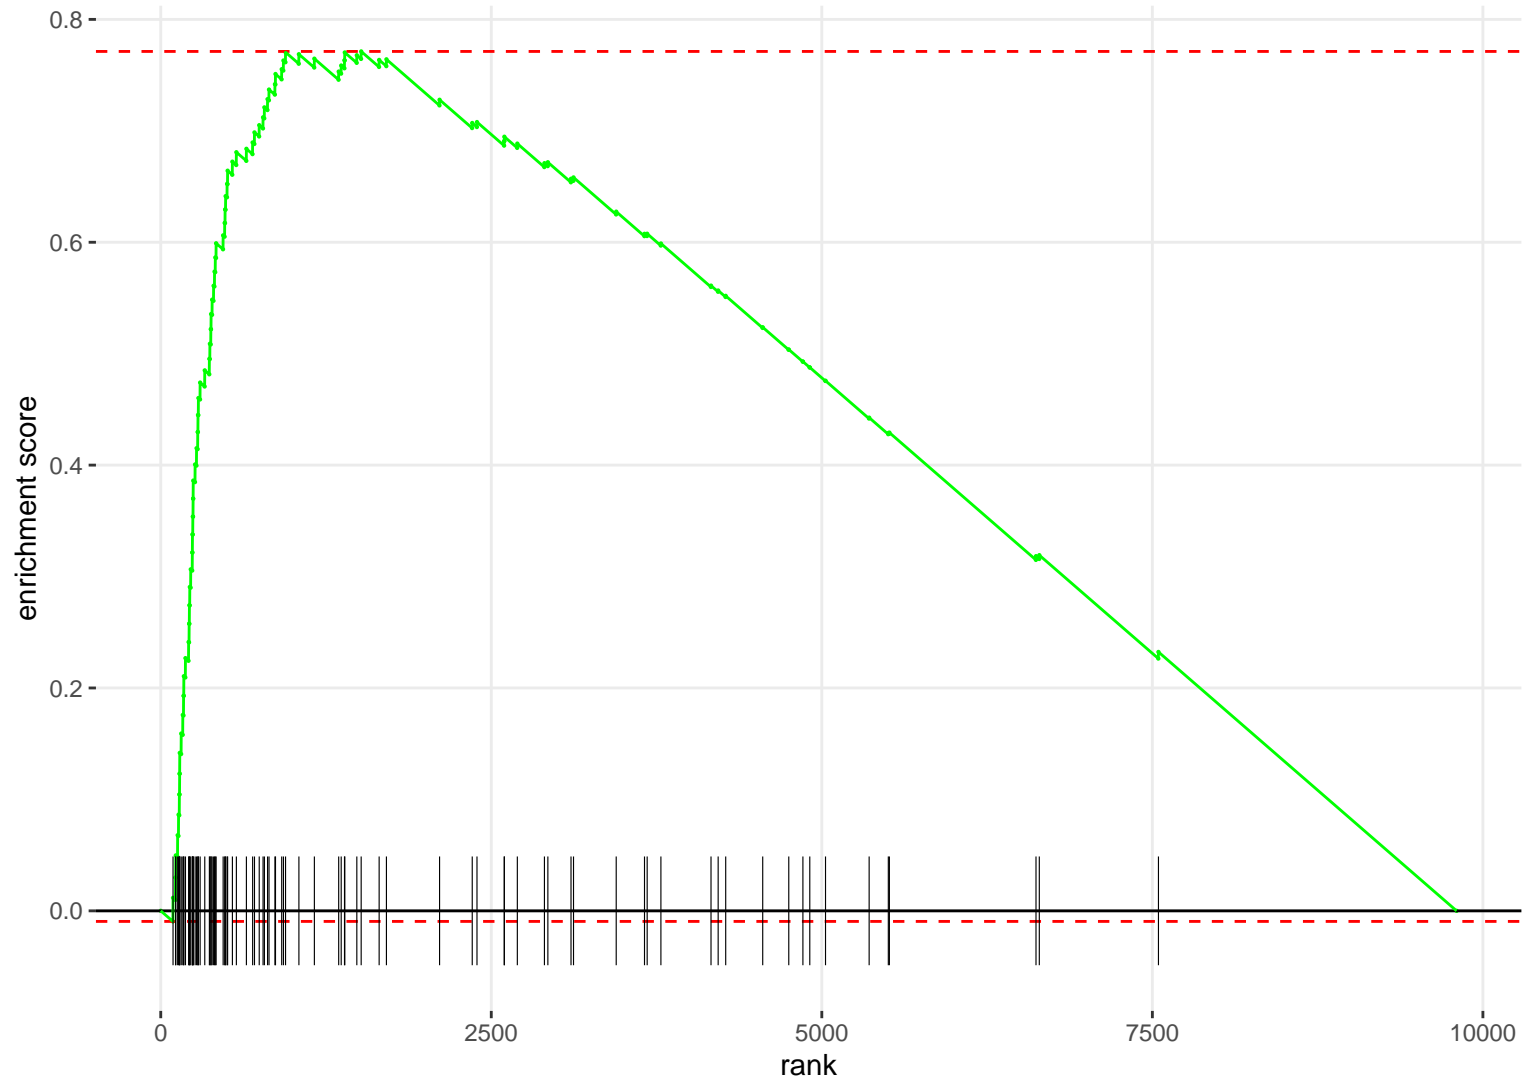

nucleolus X4_3_vs_4

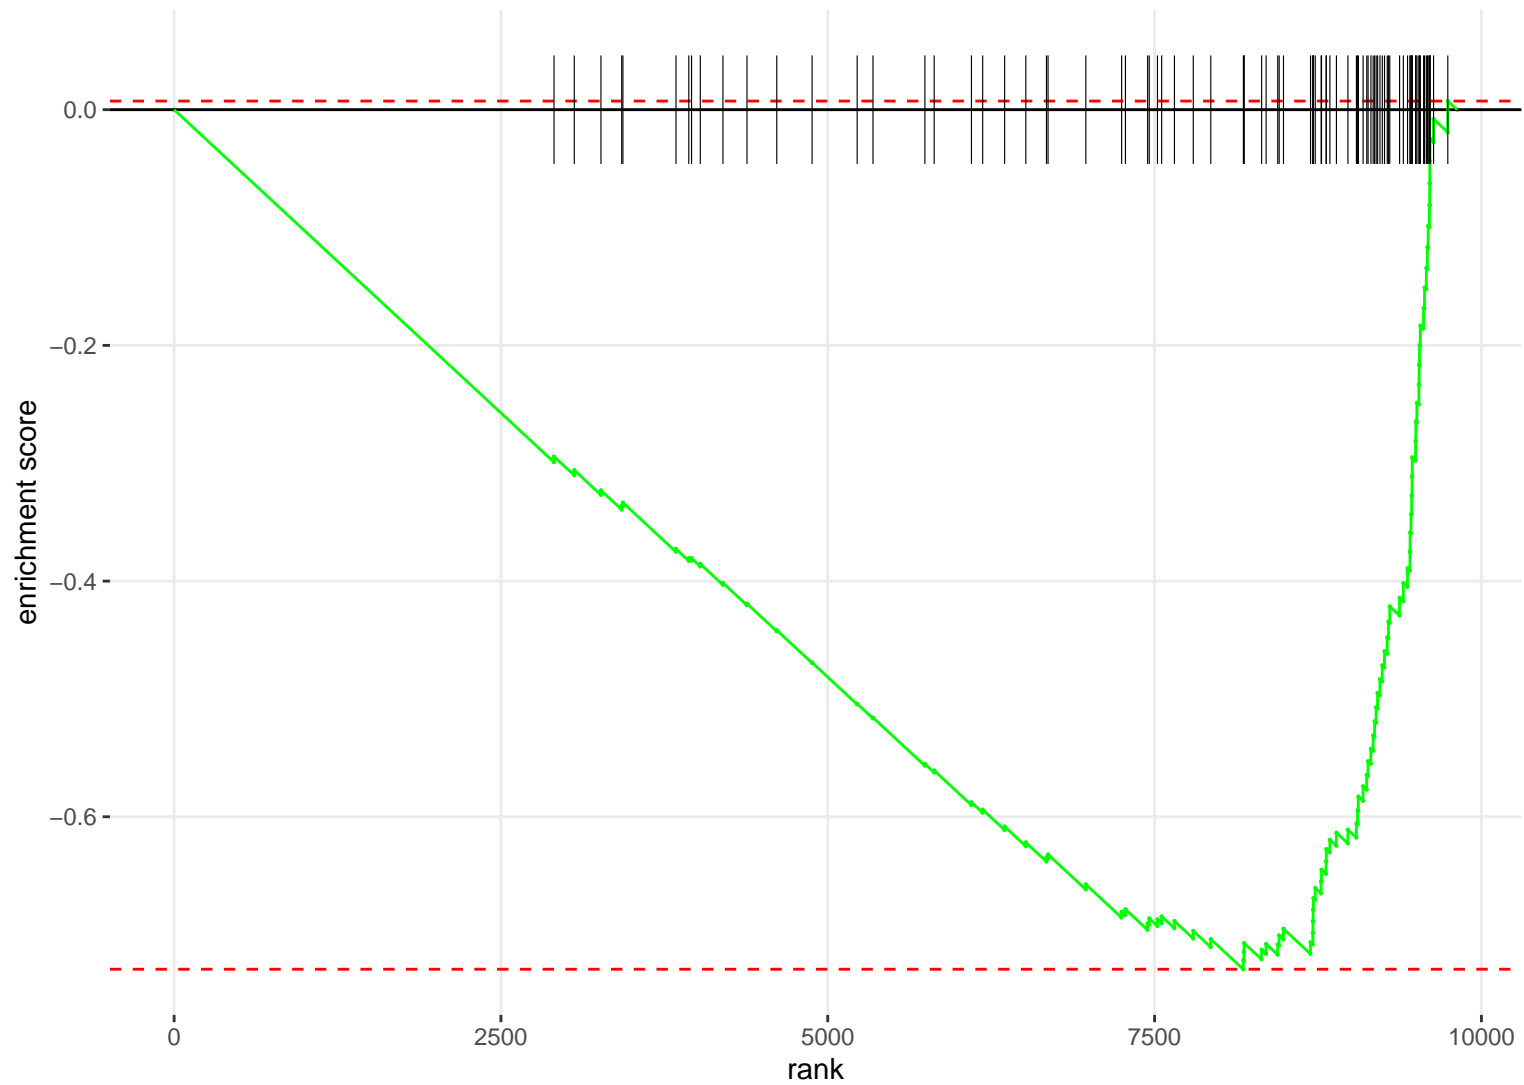

nucleolus X4_1_vs_2

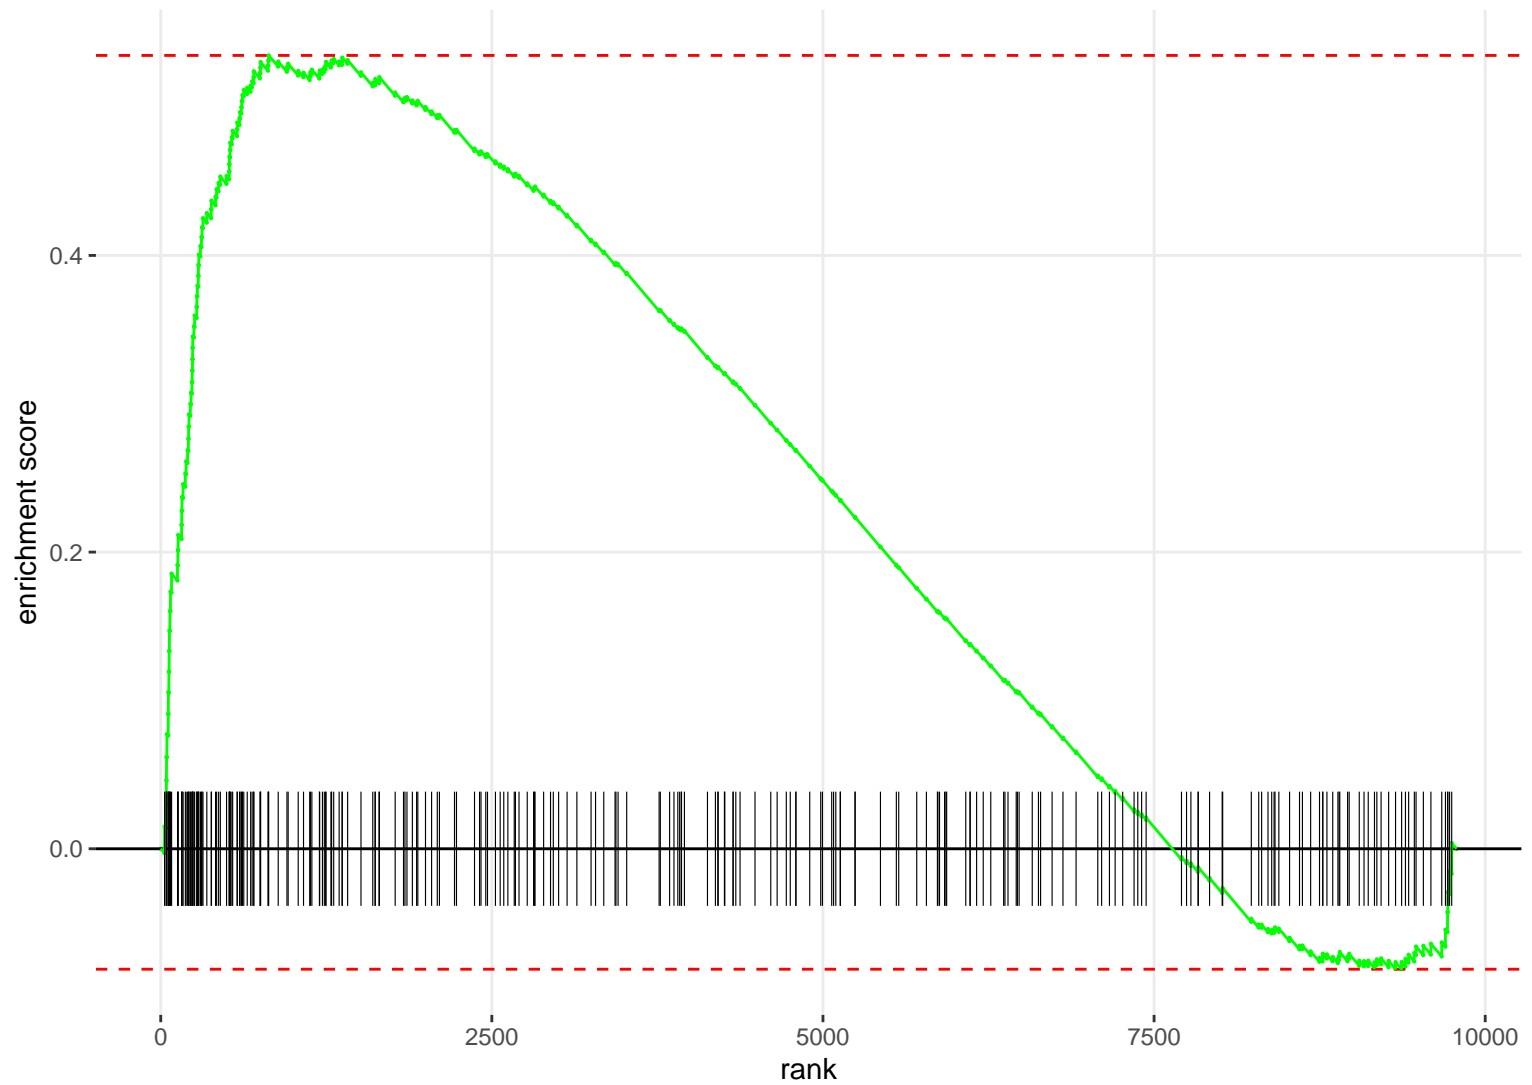

nucleolus condition_env_virusfree_vs_infected

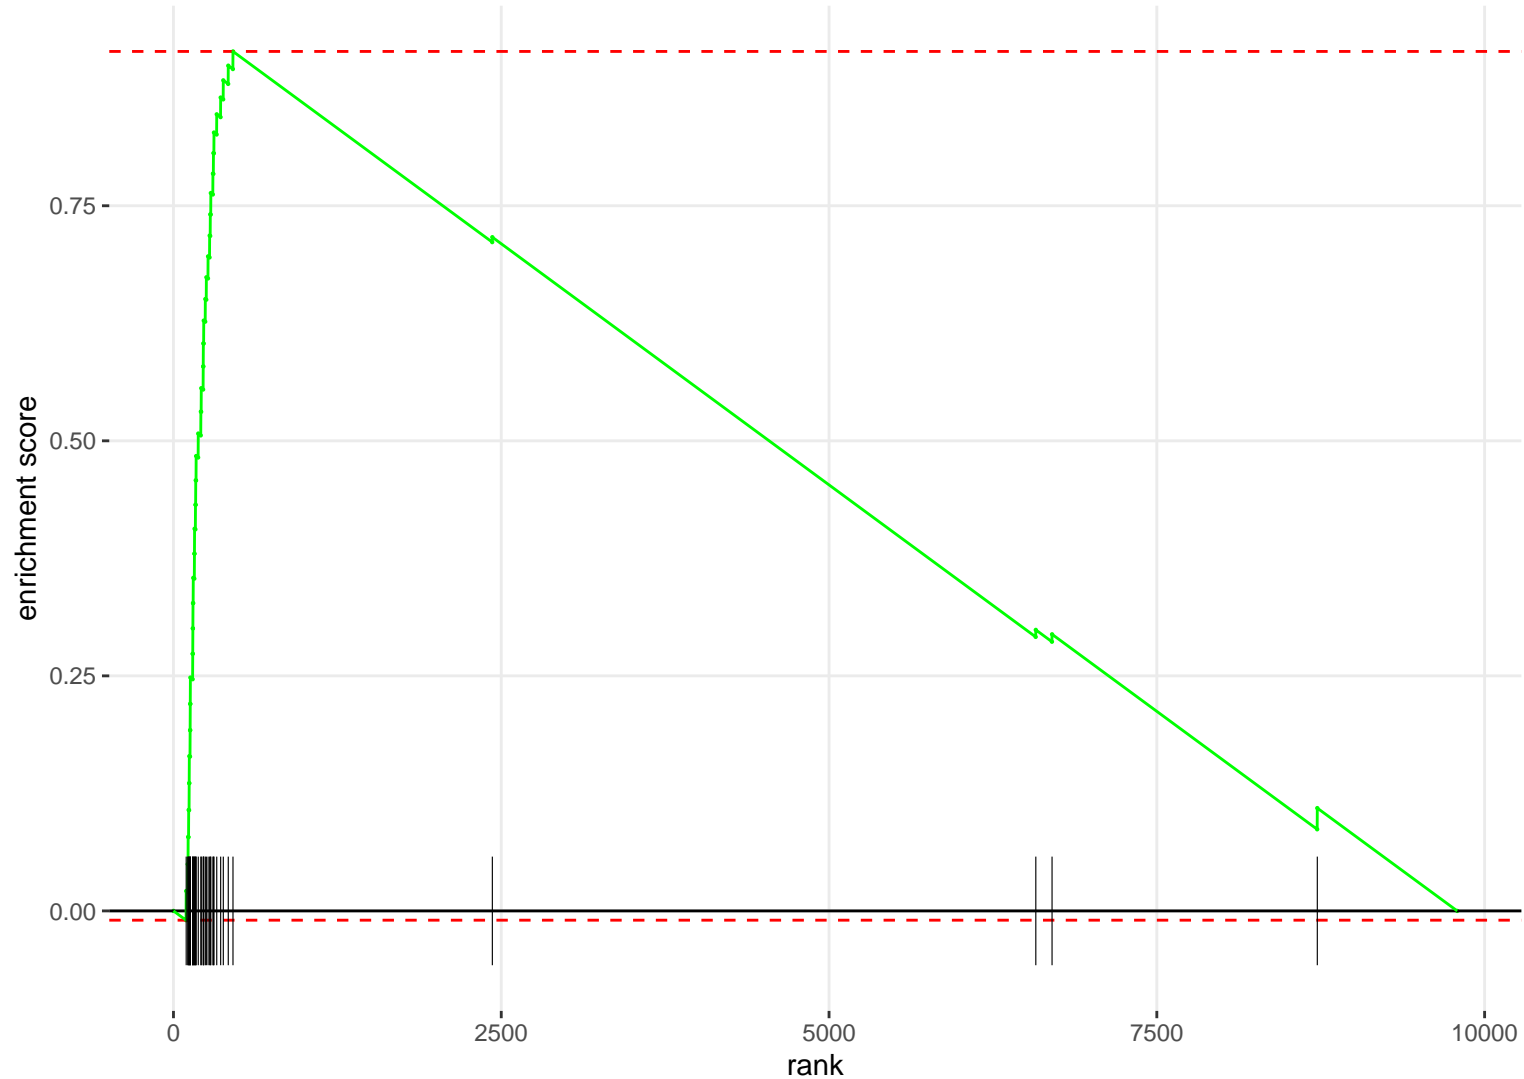

nucleolus X3_1_vs_2

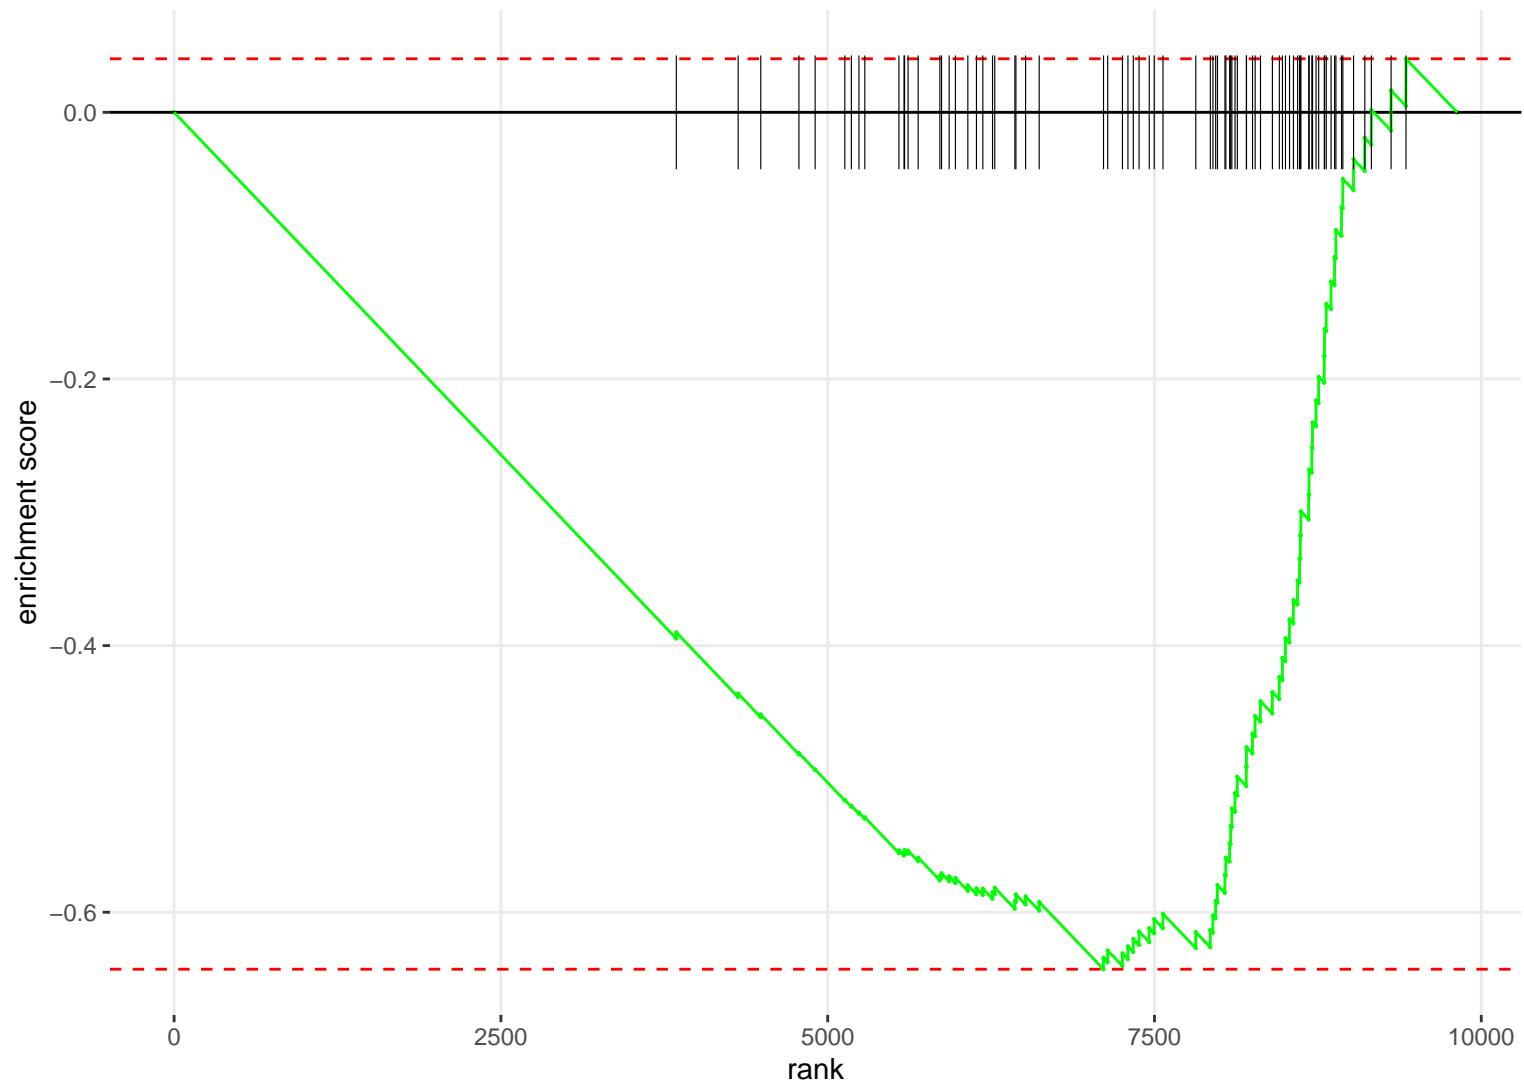

secondary metabolite biosynthetic process X4_1_vs_3

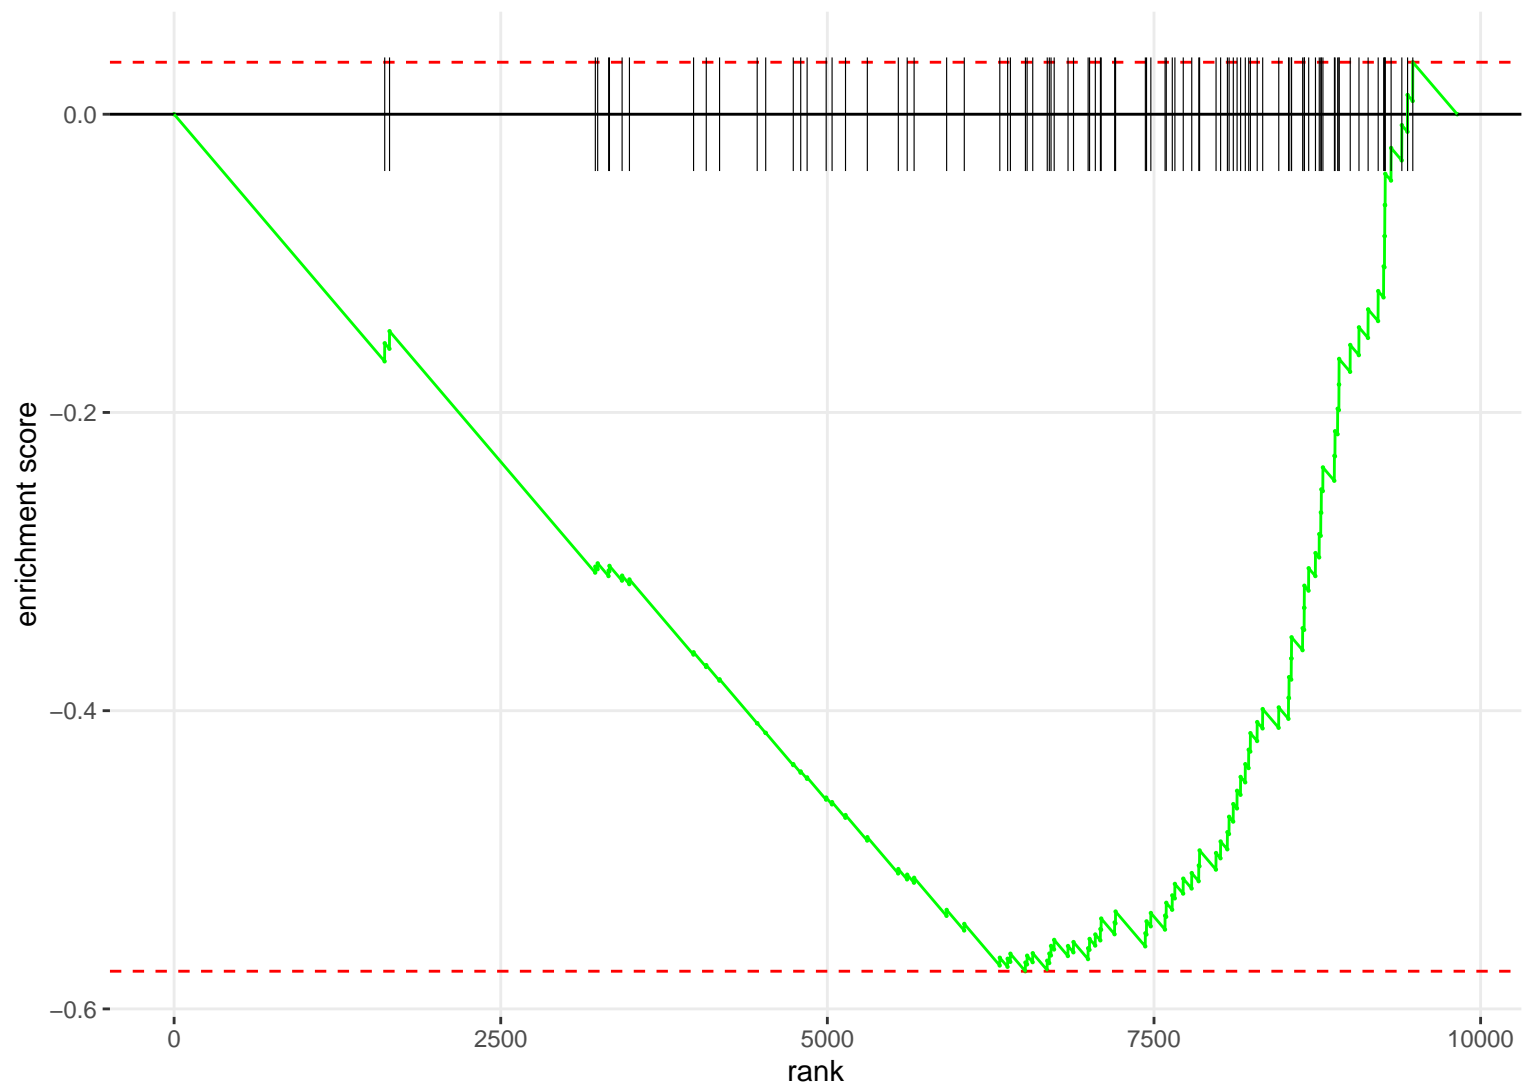

cytosolic large ribosomal subunit condition_col_virusfree_vs_infected

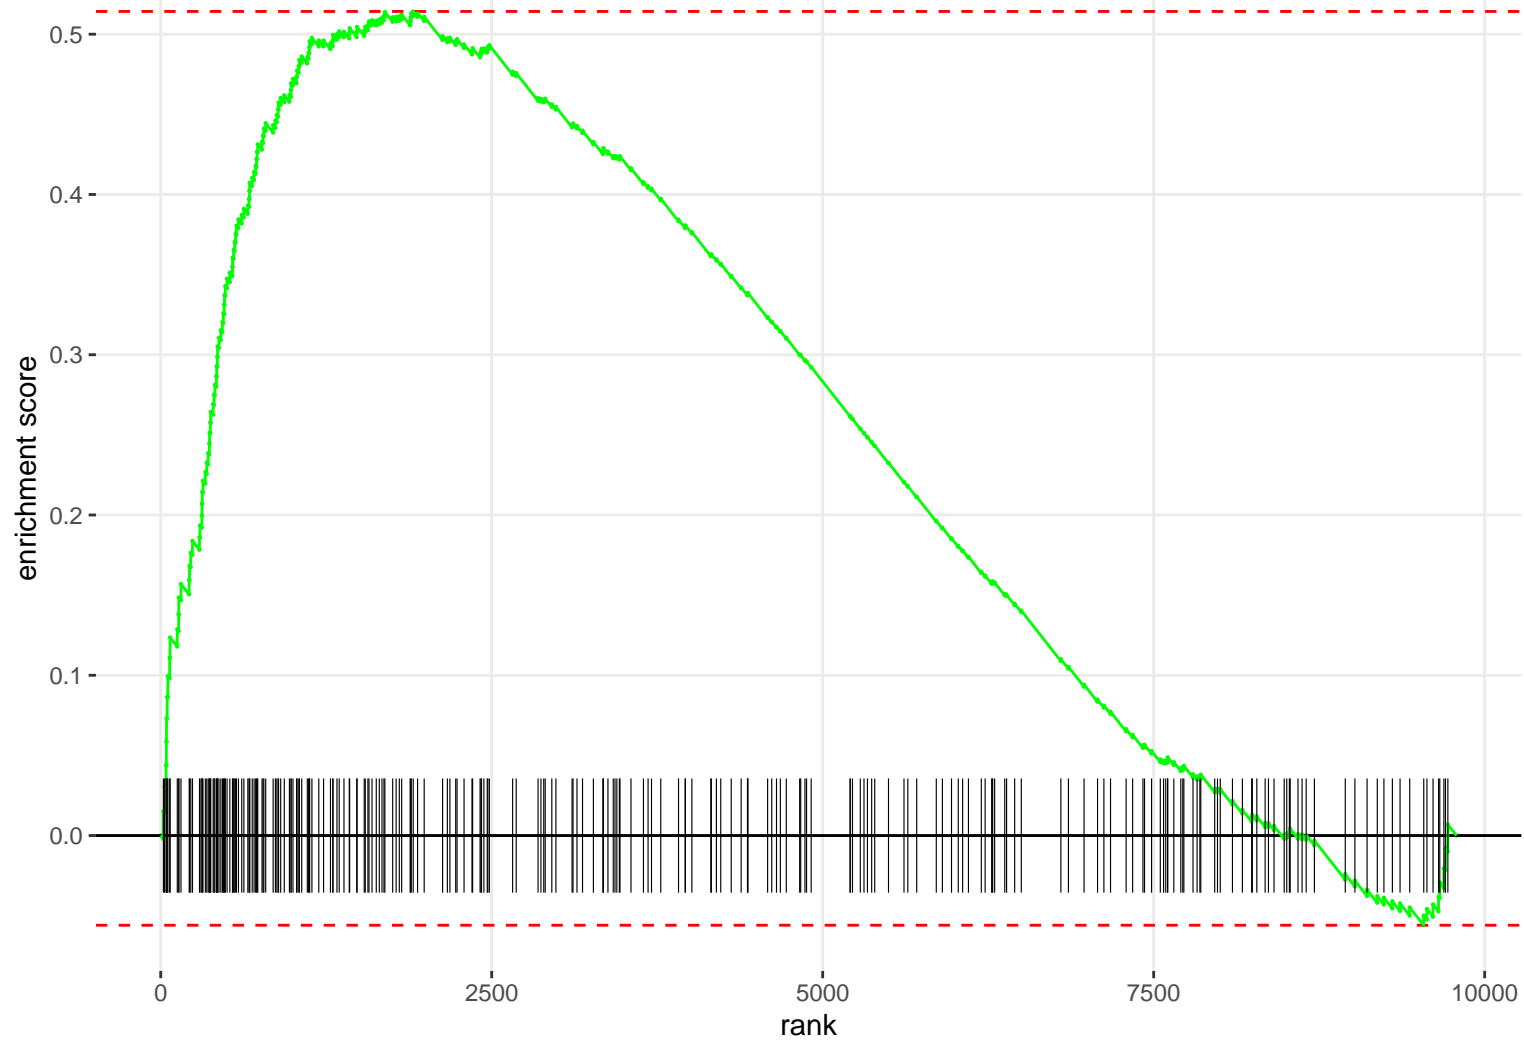

structural constituent of ribosome group_env_vs_api

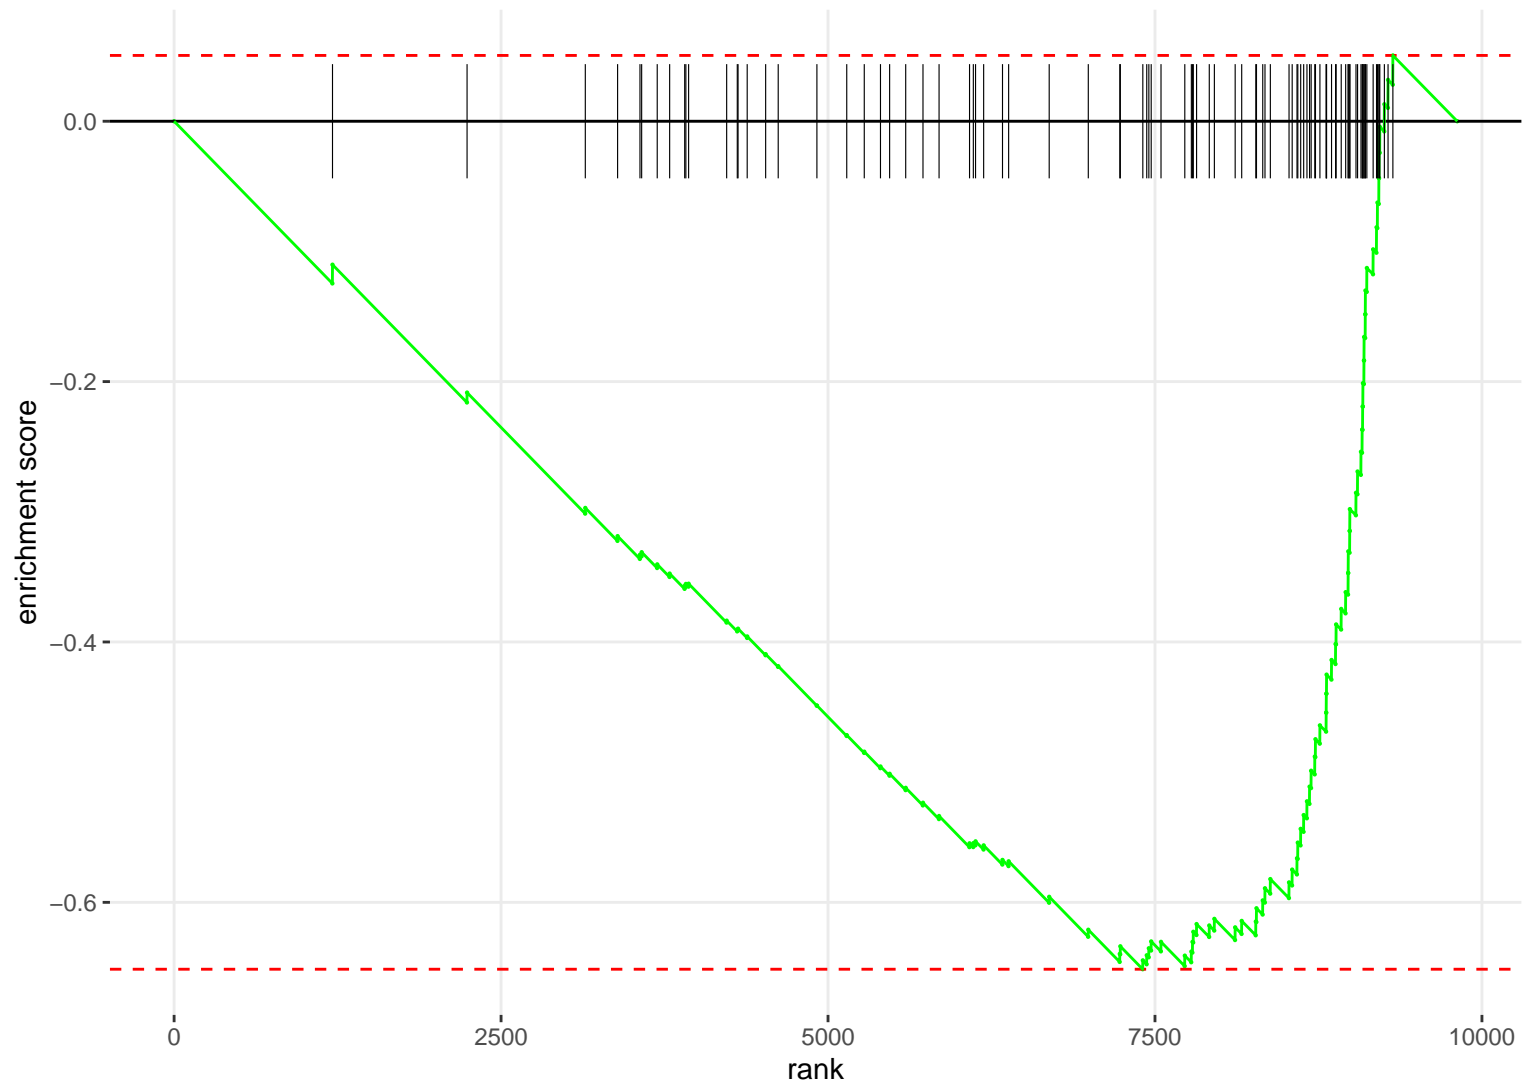

nucleolus azoleR_no_vs_yes

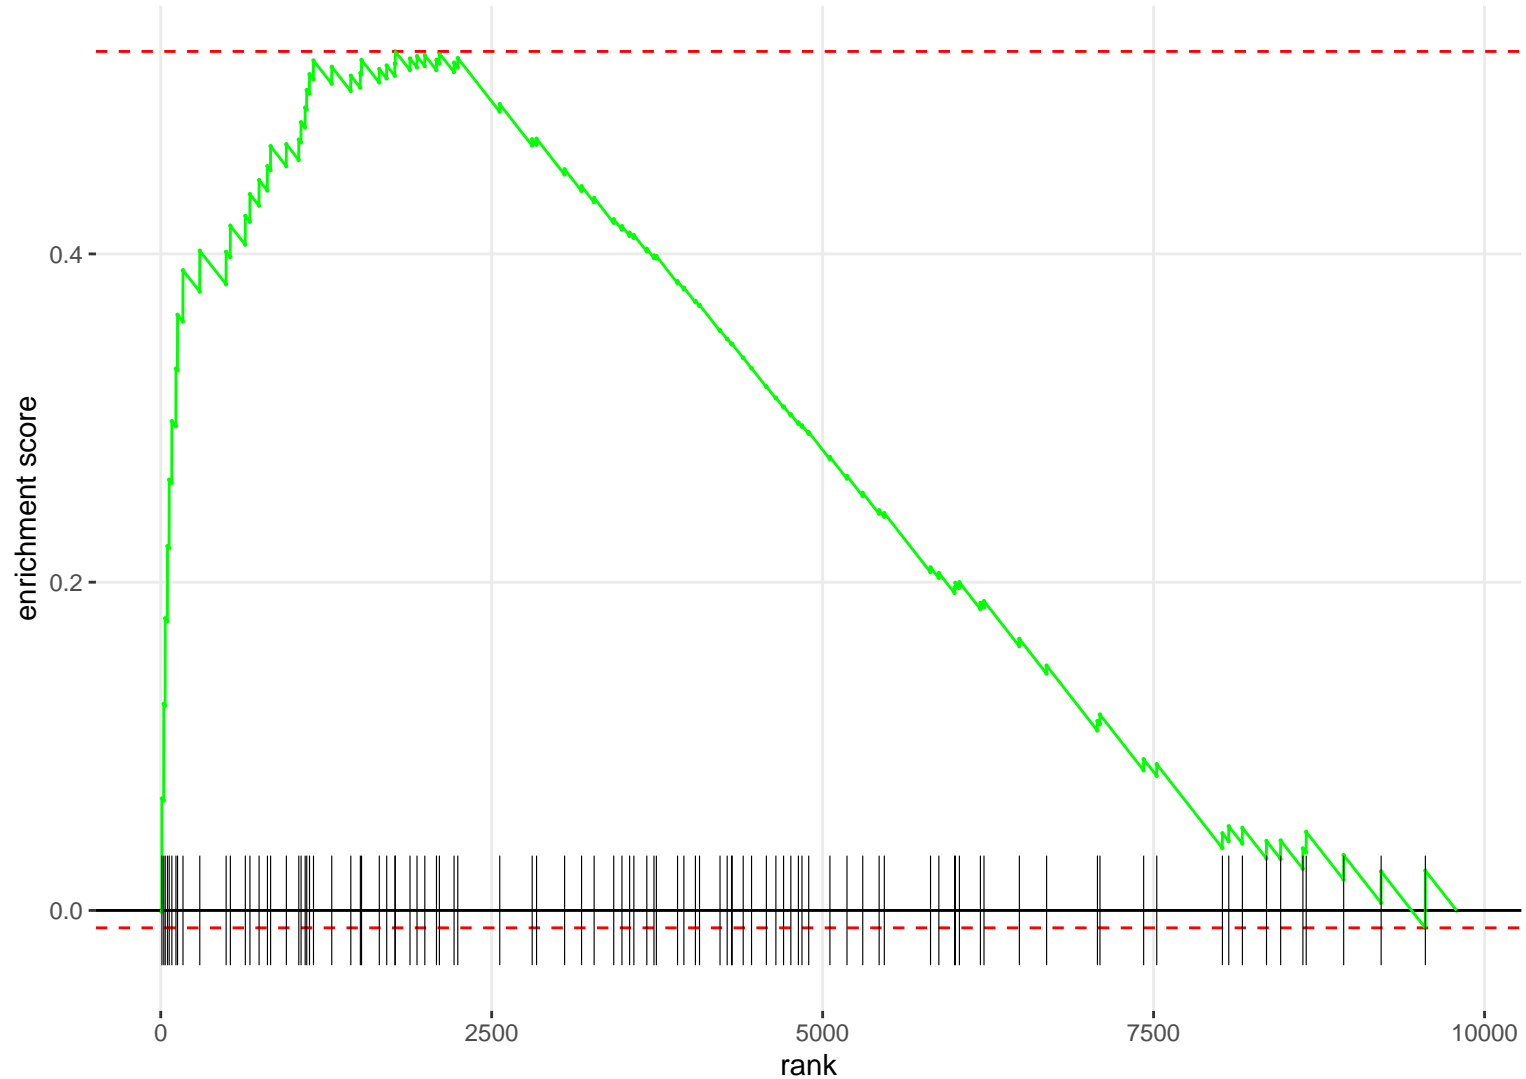

secondary metabolite biosynthetic process X4_1_vs_4

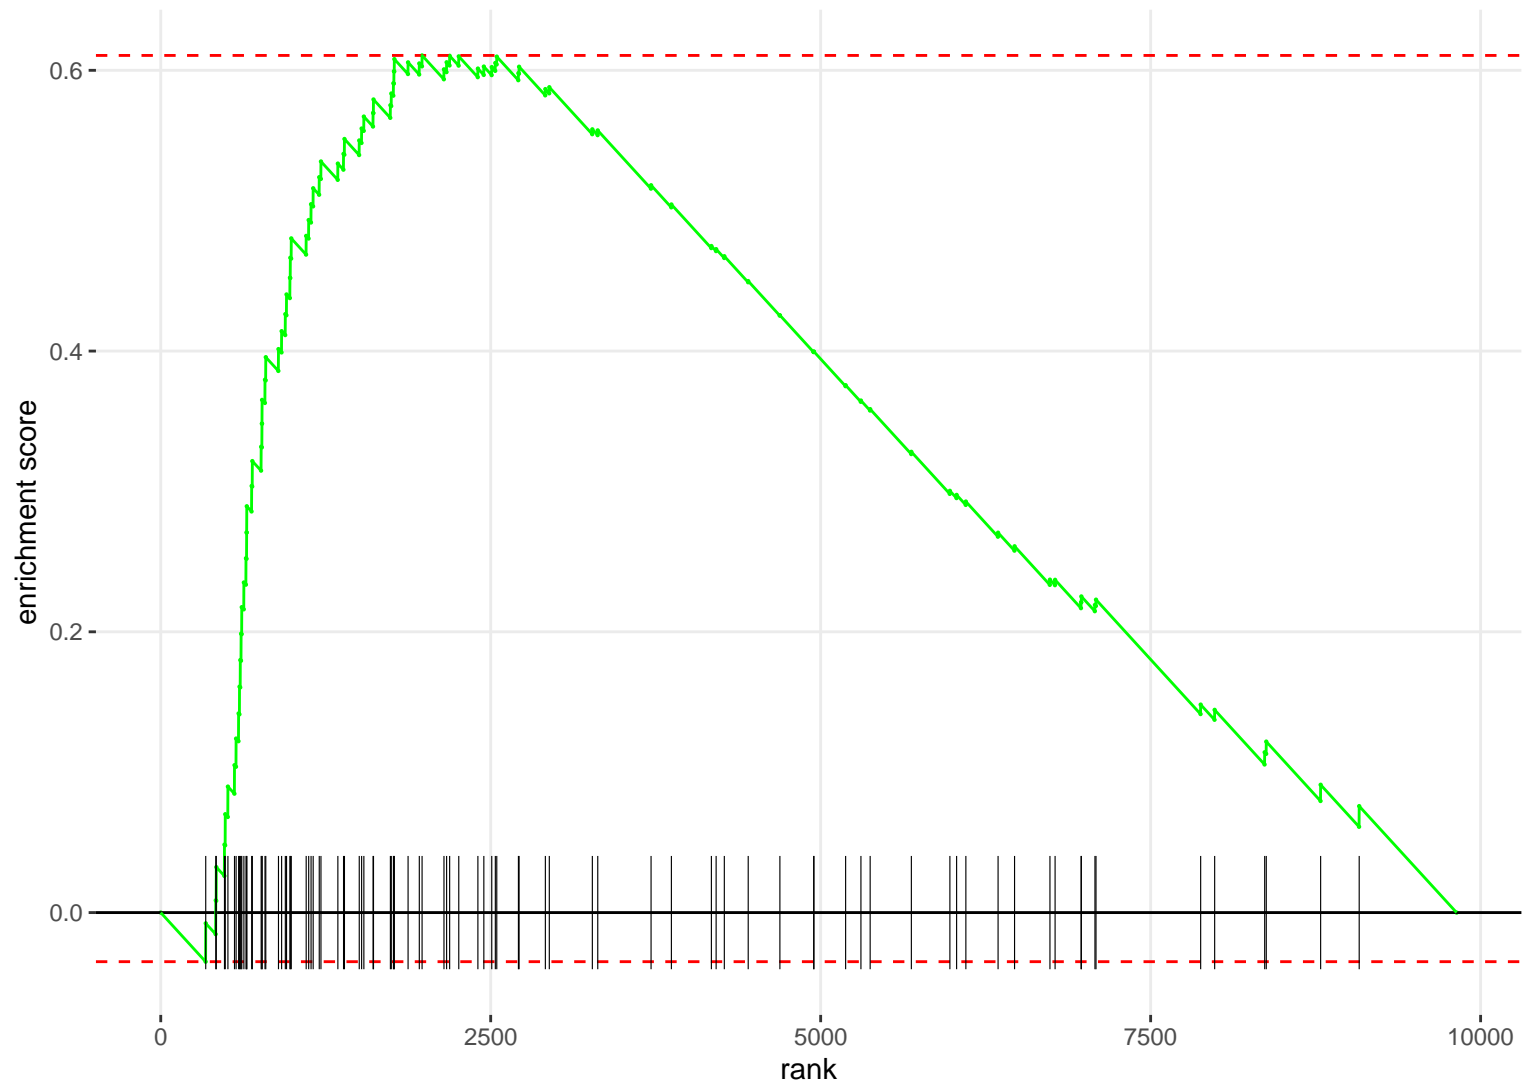

nucleolus group_col_vs_api

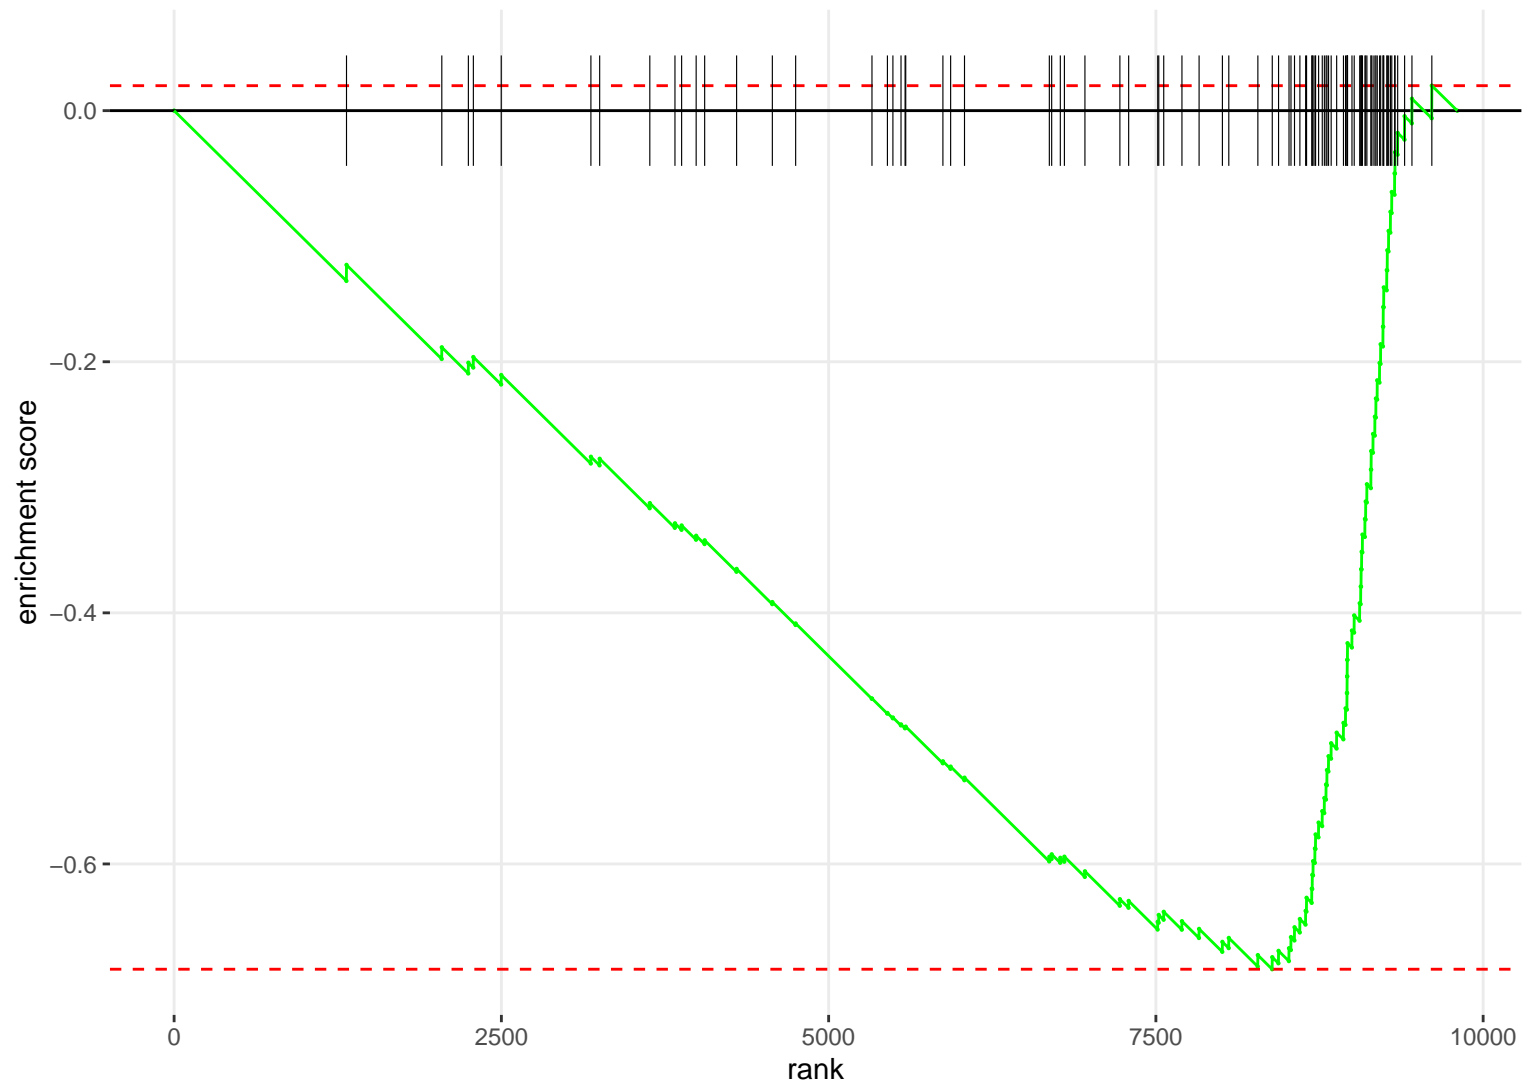

intracellular anatomical structure condition_api_virusfree_vs_infected

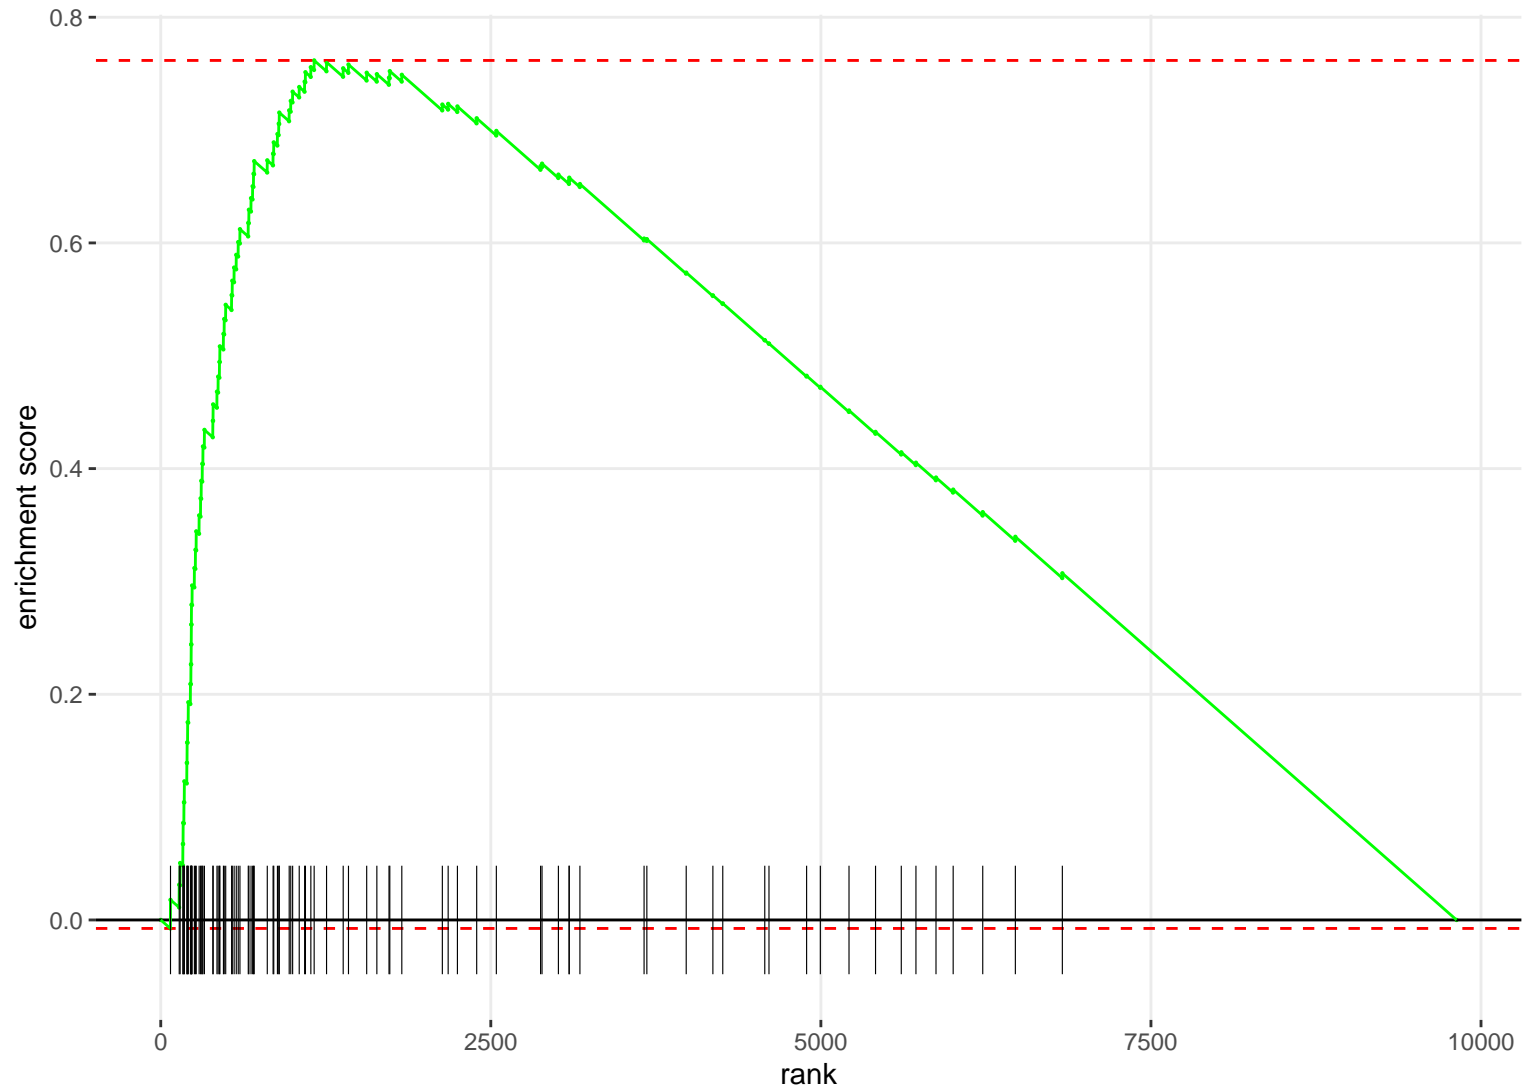

nucleolus group_env_vs_col

nucleolus X3_1_vs_3

nucleolus X4_2_vs_3

nucleolus X4_2_vs_4
